no - just work out a time between you and Mike as he will have to arrange Will's schedule and set up.

Just let me know afterwards what is decided so I can update HQs

Thanks

Ben S.

Folks - I have another NRDA Super Fund Call that I am on until 12 noon. Also will be out of office on Friday. So you two can work out the time and let me know.

Thanks and apologies but my #1 goal is to simply make sure the release gets through clearance chain despite weather which is causing a huge part of the area workforce to telecommute.

Ben S.

Will could be available from 2 pm to about 3:30 pm on friday but Thursday afternoon would actually be better if we could do embargoed interviews then. Thursday he's available from about 2:30 to 4:30.

I don't think 9 am will work since Will is going to be on a plane to Fresno at that time.

**Subject:** FINAL rollout and Q&A for Oregon CZARA rollout

All--

Please see attached for the final rollout plan, key messages, and Q&A regarding NOAA and EPA's decision to disapprove Oregon's Coastal Nonpoint Program. A few adjustments were made to make sure our discussion of the penalties and how we talk about the action we're taking aligns with statements made in other documents.

The first key message was also adjusted a bit based on feedback from NOAA folks downtown.

Allison

All--

In prep for tomorrow's coordination call on the rollout of NOAA and EPA's joint decision on Oregon's Coastal Nonpoint Program (CZARA), I wanted to send along an updated rollout plan (attached).

During the coordination call tomorrow I hope we can go over the following to make sure we're all on the same page and confirm who has lead and who should be involved in each activity:

1. Press release/timing/coordination with state?

2. Hill notification/briefing/timing
3. Update on other rollout activities (notify state, FRN publication, etc)

Allison
